Re: Request to Reduce Permit Fee, North Lily Mining Company, Tintic Project, [REDACTED] Juab County, Utah

Dear Mr. Flechner and Mr. Webb:

On October 8, 2001, we received your request to eliminate or substantially reduce the permit fee payment for North Lily's Tintic Project. Management has determined that because the site is in the final reclamation stage, and should be completed by November 26, 2001, we can reduce the permit fee to \$100.00. We are unable to eliminate the permit fee entirely until the site is completely reclaimed and full release of the site and surety bond has been granted. All projects that have an active file must pay the permit fee, unless otherwise waived by the Division.

We have enclosed a billing statement in the amount of \$100.00 for the permit fee. This reduced fee will be due each fiscal year until the site is fully released. Please submit the permit fee within the next two weeks or before November 21, 2001.

If you have any further questions regarding this fee, please contact me at (801) 538-5286 or Mary Ann Wright at (801) 538-5306. Thank you for your attention to this matter.

Sincerely,

D. Wayne Hedberg  
Permit Supervisor  
Minerals Regulatory Program
